St. Barts

Come hungry to **St. Barts** this November, when the island hosts its seventh annual **Gourmet Festival** from November 11-15. A clutch of French chefs with Michelin-starred restaurants will host and cook a series of exclusive dinners as well as wine-tastings and amateur cooking competitions. This year's roster of kitchen superstars was overseen by Pierre Gagnaire, whose namesake Paris restaurant earned three Michelin stars. Book one of the brand new four-bedroom villas at the **Christopher**, which combine the ease of renting a home—more appealing than ever during the pandemic—with all the convenience of the hotel's amenities. Each villa has its own, full-sized pool. St Barts weathered the pandemic exceptionally well, with a total of seven cases since March; its borders have reopened to American travelers, with testing protocols in place.
